Mr. Myland is a managing member and licensed insurance agent (life, annuity & Health) of API Partners, LLC dba Solomon Retirement Solutions. He is appointed with various insurance companies and receives a commission for these services. He spends approximately 10% of his time on this activity. This business is investment related. With the ability to work as a client's insurance agent and investment adviser representative, this is a conflict of interest because each service pays a separate fee or commission. The client always has the right to decide whether to purchase a recommended product and through whom they purchase it.

Mr. Myland is also managing member and investment adviser representative of API Financial Advisors, LLC dba Quility Financial Advisors ("Quility"). Through Quility, he may offer other investment advisory services to Solomon API LLC's clients for a fee. He spends approximately 50% of his time on this activity. This causes a conflict of interest because the fees are separate from the fees outlined in the firm's ADV Part 2A. Mr. Myland attempts to mitigate any conflicts of interest to the best of his ability by placing the client's interests ahead of his own and through his fiduciary duty. Additionally, the client always has the right to choose whether to act on the recommendation and always has the right to purchase recommended advisory services through any investment adviser representative.

Mr. Myland is the co-owner of Ascensio Ultima, LLC, a company that owns commercial property. He does not devote any time to this activity.
